

# Inverted U-Style Barriers

Protect gas, water or electrical service panels and equipment with aesthetically pleasing and super durable Inverted U-Style Barriers from BRP by bison. Any area where vehicles, equipment or other traffic could cause damage to valuable property are great places to consider these versatile barriers. Available in two sizes of heavy pipe tubing each with a full inverted U-shaped radius. Barriers can be specified as hot dip galvanized or in a wide variety of standard or custom colors, each with our exclusive 10-year warranty Weatherbeater Mastercoat finish. Inverted U-style barriers are available either as embedded mount (EM) or surface mount (SM).

BU48-SM (raven)

Order optional base covers  
(see page 38)

BU36-EM (galvanized)

Pipe Diameter	Outside Width	Height	Embedded Mount	Surface Mount
3½"	36"	36"	BU36-EM	BU36-SM
4½"	48"	36"	BU48-EM	BU48-SM

See pages 4 and 5 for color and finish details.
